Principal's Message Ryan Stowell, Principal

It is hard to believe that May has arrived and we are in the closing days of the 2023-24 school year. April was an exciting month for us at LES and we still have a lot planned for the final month of the school year.

We had quite a few students and families participate in the Eclipse Day at LHS. That was a very rare experience and it was nice to share it with so many people that afternoon.

The LTA sponsored the Mother Son Glow Party, which was a high energy evening of fun and excitement for everyone that participated. The LTA skating parties, father daughter dance, and glow party were all great events for our students and families this year.

Our first graders presented a spectacular performance of "A Barnyard Moosical" for their parents and families. Mr. Moore did a great job preparing them for the show.

Junior Achievement presented financial literacy lessons to our 2nd graders. We also had an attorney speak with them about laws and the legal system for law day.

The 21st annual LES Art Festival brought over 400 guests to the building to participate in creative activities with their students. Mr. Labbiento and the middle school student volunteers made this event possible for our students and families.

This month features field days, field trips, and some grade levels have special events planned for the end of the year as well. Sign-up forms for these events will be emailed, please watch your email and be sure to complete both the registration form and the SchoolSAFEid for any events that you will attend.

Please contact me at anytime with any questions or concerns you may have. You can reach me at ryan.stowell@lakeviewlocal.org or 330-638-2145.

Guidance Update

Brittney Abbott, Guidance Counselor

Our 3rd & 4th grade students are completing Ohio's State Test in math this week. Student test scores will be posted in Parent Access this year. This is a new feature, so we are not certain when they will be available but we will notify 3rd & 4th grade families when they are posted. Printed family reports from the state do not arrive for several months after testing and will be sent home in the fall.

K-2 students completed Erin's Law lessons on abuse and personal safety. Open dialogue and education play a vital role in empowering children to protect themselves and stay safe; thank you for trusting me to have these important discussions with your children. 3rd & 4th grade will take place in the coming weeks.

Please contact me at brittney.abbott@lakeviewlocal.org or 330-638-2145 with any guidance questions or concerns.
